

PLENTY ACTION FOR BUSINESS MEN'S CLASSES

Noon Day Classes For New Members; Fencing Class For Students.

NEW MEMBERS ARE BEGINNING WORK

A noonday business men's class and a class in fencing for high school students are two latest new features added to the regular Y. M. C. A. gymnasium schedule by athletic director A. L. Holm.

The business men's noonday class will be held on Tuesday, Thursday and Saturday of each week. All members are invited to enter and get started promptly with the season schedule. Classes will be given from 12:15 to 12:30; volley ball from 12:30 to 1:00.

In addition to this class, on Monday, Wednesday and Friday afternoon and evening handball will be given from 5:15 to 7:45; calisthenics from 7:45 to 8:15; volley ball from 8:15 to 9:00. On Tuesday, Thursday and Saturday afternoon and evening handball is scheduled from 5:15 to 7:45; volley ball from 7:45 to 9:00.

One of the strongest classes scheduled thus far is the regular young men's class. Classes are scheduled for Saturday nights from 8 to 9 and 9 to 10. While all classes will hardly be going at full speed until the first week in October, all members are urged by athletic director A. L. Holm to be working out now in order to become familiar with the classes and to become acquainted with new members.

What promises to be one of the most interesting classes at the "Y" gym this season is a fencing class for high school students now being organized by Arthur Weekly and Ben Howell. They report that many officers of the high school cadets will take lessons in fencing. When all who care to become members in this class have been reported by Messrs. Weekly and Howell, a day for classes will be set by director Holm.

SPORTOGRAPHY By "Gravy"

FRED ANDERSON, the Giant's sports ball artist, who joined the club in July, is a private in the medical corps at Camp Des Moines, Sparta, N. J.

Al Thompson, former Cincinnati light-weight boxer, is a gunnery sergeant with the marines and has been made boxing instructor at the Paris Island training station of the "Devil Dogs." Thompson has made a great bit with his officers as well as with the men he is instructing because of his original ideas in the matter of giving his instructions in the "manly" way. He is training the men so that they will actually use what knowledge they gain in beating the Germans. One of his ideas is to have the men in a line, with the instructor at the front, and then order them to "about face" and start fighting. The idea is that each man must start at once in a swap huncher with the one who stood directly back of him in the original formation of the line. If a small front rank man will about and find himself face to face with a six footer, who outweighs him 50 pounds, he must engage him just the same, and the uncertainties of the game keeps every man on edge. It's a great game, and the Germans are the boys who will fight anything and lick ten times their number.

INDIANS PLAYED FOOTBALL OVER A CENTURY AGO
Although the Indians and Rutgers played the first intercollegiate football game in America in 1862, this contest marking the beginning of the development of a new and original type of football out of the old Rugby game, the history of American football has been a long and interesting one. The first game of football in the United States was played between teams of squaws and bucks, and such a contest, held at Wapakoneta in 1738, is described by Judge Barnett, a pioneer Ohio jurist, in his book, "Notes of the Northwest." He wrote:

"At these games the men played against the women, and it was a rule

to wear good clothes!

GREAT OLD REMEDY FOR SKIN DISEASES

S. S. S. Clears Skin of Eruptions, Drives Poison From the System.

Get it fixed in your mind that skin eruptions, Scrofula, Eczema, burning itching skin, and all skin diseases are due entirely to impure and infected blood. If the trouble was on the outside of the skin, by simply washing and keeping it clean you could obtain relief—not even ointments, lotions, and aives would be necessary. Agree with us in this belief, and your trouble can be relieved—you can be entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a most

decided abatement of your trouble, and finally make you entirely well. Fifty years ago S. S. S. was discovered and given to suffering mankind. During this period it has proven its remarkable curative properties as a blood purifier and tonic, and has relieved thousands of cases of disease caused by poor or impure blood, and chronic or inherited blood diseases. You can be relieved, but you must take S. S. S. Take it if only pimples appear, for they denote bad blood, and may be followed by the suffering from torturing skin eruptions. Therefore be sure. Don't take chances. Get S. S. S. from your druggist. If yours is a special case, write for expert medical advice. Address: Medical Director, 481 Swift Laboratory, Atlanta, Ga.—Adv.

PUT DAMPER ON JUNBO PURSES

National Athletic Club

Losses on \$4000 Guarantee to Tendler.

Philadelphia, Pa., Sept. 27.—It is almost a sure thing that the matchmakers of the club in this city will not offer any more of the topnotch fighters a fabulous guarantee to battle at their clubs, as officials of the National A. C. lost close to \$4000 on the special show which they staged two weeks ago, at which Lew Tendler and George Chaney met in the star bout. Neither Tendler nor Chaney was entitled to receive the money he did—Tendler \$4000 and Chaney \$3000. Champion Benny Leonard asks only for a guarantee of \$1250 when he boxes at the club here, and there is no reason why Tendler or Chaney should have received any more than Leonard. The receipts of the show amounted to only \$4000.

While all classes will hardly be going at full speed until the first week in October, all members are urged by athletic director A. L. Holm to be working out now in order to become familiar with the classes and to become acquainted with new members.

WAR DEPARTMENT TAKES OVER INTERCOLLEGIATE ATHLETICS

Unanimous Vote of Faculty Representatives at Western Conference Due to Unsettled State of Football; Commandants Oppose Elevens Making Extended Trips; Old Freshman Rule May Also Be Abolished.

CHICAGO, Ill., Sept. 27.—Faculty representatives of the western conference at a special meeting here last night unanimously voted to completely relinquish all control of football and intercollegiate athletics, placing the same in the hands of the war department. The faculty representatives voted to take this action because of the chaotic condition confronting the 1918 football program in the big middle west universities and because it was found to be "impossible to administer intercollegiate athletics under the army restrictions."

October 1, which would result in the cancellation of several early season games. "We found it impossible to administer athletics under the present conditions," said Prof. J. K. A. Pye, of the University of Wisconsin, president of the faculty committee. "The only thing we could do was to turn the entire situation over to the war department for its control."

The decision of the faculty committee to pass control of athletics into the hands of the war department means that freshmen probably will be permitted to strike for places on the teams this season.

Dr. Hill Calls Meeting.
Columbia, Mo., Sept. 27.—Dr. A. Ross Hill, president of the university of Missouri and educational director for the students' army training corps for this district, has called a meeting for Saturday night in Kansas City to be attended by presidents of the seven colleges in the Missouri valley conference to consider adopting a definite policy for intercollegiate athletics in the conference.

Ohio Athlete Dies in Action.
Columbus, O., Sept. 27.—Fred W. Norton, reported killed in yesterday's casualty list, was a prominent athlete at Ohio state university. He was captain of Ohio state's basketball team and played football on Ohio state's championship football team of 1916 and 1917.

More Fails on Exam.
Brendon, former Red Sox pitcher, who hoped to enter the naval academy at Annapolis, was disappointed. He did not pass the examination and will continue his studies at Harvard until he is qualified for entrance in the navy school.

Tigers Defeat Infantry In Last Two Minutes Of Game

Bloom Makes Sensational Run After Gridiron Battle Looks Like Tie Game; Superior Condition and Practice Win Over Weight in Opening Game.

SUPERIOR condition and training, won for the high school Tigers in the opening gridiron battle of the season Thursday afternoon at the Stadium, when the jaded field of 1 company, Ninth Texas infantry were unable to stop the zigzag flight of Bloom, the Tigers' left end, as he darted in and out, dodging practically the whole opposition and went 70 yards for the only touchdown of the game. The situation spurred on the infantrymen for a last few minutes of hard fight, but when the last whistle blew, the score stood 6-4 for the Tigers.

The big play of the afternoon occurred when Bloom, comparatively fresh, darted in and nabbed a forward pass attempted by the infantrymen, and sped away towards the goal like a darting swallow.

While the lack of practice of both teams was apparent from the first, the Tigers seemed to have a big edge in this respect and in condition, while the infantrymen had considerable advantage in weight. With superior condition and practice offset by weight the battle waged equal during practically the whole game until Bloom put a clincher on it by his fifty capture. The final spurt of the infantrymen, in which left halfback Hunter went through the line for eight yards and quarterback Vowell repeated for a like distance, was remarkable, considering their condition, and for the first two assaults surprised the Tigers. After that, the line bucking was held and the rally failed.

Center Putnam, of the Tigers, played a strong, steady game and will doubtless be heard from in other games. Webb also put up a good game. Vowell did stellar work for the infantrymen.

FREDDIE WOULD TRY SOME MORE.
New York, Sept. 27.—Woot has reached this city that Fred Fulton has decided to try his hand at the boxing game again. Fred is employed in a mill near Milwaukee, but it is said he doesn't like this position, and will devote his time in the future in getting a return bout with Jack Dempsey, who knocked him out in the record time of 23 seconds.

TRAP SHOOTERS MAKE DONATIONS

Part of All Receipts at Contests Put Aside For Red Cross.

When it comes to helping the American Red Cross, trap shooters are in the thickest of the fight. There isn't a shoot held nowadays without some portion of the receipts being given to the Red Cross.

At a tournament at Atglen, Pa., a few weeks since, \$35 was realized for the Red Cross. The Kansas state shoot was held at Camp Funston and \$2000 was realized for the Red Cross. All the work on this tournament was done by enlisted men. There will be a Red Cross event in the Pinehurst tournament in January, and the Philadelphia Trapshooters' league has decided to give a half cent on every target thrown to the Red Cross. Last year this league threw 172,000 targets.

There is considerable talk about the organization of professional trap shooting, touring the country for the benefit of the Red Cross. It is hoped this idea will be put through. It is a big thing, and should attract considerable money for the greatest of all war charities.

CLAY TURNER IN LINE FOR BILLY MISKE

Probable That Indian and Hoosier May Measure Fistic Strength Soon.

MISKE PROBABLY TURNER'S MASTER

WITH Battling Levinsky betraying unmistakable signs of fistic decay there has loomed up another light heavy-weight who promises soon to establish himself as the best man in that division.

He is Chief Clay Turner, the Indian boxer, who helped to condition Jack Dempsey for his battle with Fred Fulton, and who in the last several weeks has been advancing toward the top of the light heavy-weight ladder at leaps and bounds.

Turner won a decisive victory over Levinsky in a battle in Jersey City recently and has followed it up with successes over other well known boxers. He outclassed the Hebrew battler.

There is one light heavy-weight, however, who stands in Turner's path to the division championship, and he is Billy Miske, who in the past has been classed among the heavyweights, although a legitimate light heavy. Miske doubtless could defeat Turner as easily as the Indian acquired the measure of the Hebrew, as it is not likely Turner will be regarded as the titleholder of the division as a result of his victory over Levinsky.

Efforts are being made to match Turner and Miske, and it is believed the bout will be staged in New Jersey or Philadelphia in the near future. Miske has a slight advantage in weight over the Indian, but otherwise the men are well matched except that Miske unquestionably is a better fighter than the recent conqueror of Levinsky.

NATIONAL BASEBALL FEDERATION UNDER WAY

Cleveland, O., Sept. 27.—Chicago, Detroit, Cleveland, Pittsburgh, Cincinnati and Akron were yesterday selected by the executive committee of the National baseball federation as cities to be represented in an eight city league to play semi-professional baseball in major league parks. Saturday and Sunday during the coming season. The remaining two cities will be chosen from Louisville, Indianapolis, Johnstown, Pa., and Canton and Dayton, O.

Each city in the league will have one club at home, while the other is on the road.

A major-league official will be appointed as head of the league.
